

## PRICE LIST 2014

Dear Partner,

We are pleased to send you the new Price List for our lamps valid for 2014.

The document has been considerably modified with the introduction of numerical codes and splitting of articles classification to avoid mistakes and integrate the offer of ACEM's products.

STARLED series, that has been given us a great satisfaction during the last years, has been completely renewed in its design, performances and technological aspect and will change its name into STARLED NX.

We are sure that these changes will keep the success of the series unvaried, or better, they will improve it.

Furthermore, the new price list includes new and interesting products useful for you to be more competitive with a wider range of articles and to meet the requirements of the different markets at best.

Hoping that the continuous efforts that ACEM places in its products development and services will strengthen our business relationship more and more and that our engagement will support you further I personally wish you good work.

With best regards,

Pier Paolo Tacconi

Prices shall be those listed in the price list in effect at the date Acem S.p.A.'s quotation is accepted by the Buyer or at the date of Acem S.p.A.'s order confirmation. Acem S.p.A. reserves the right to modify at any time the price list in effect, by giving written notice to the Buyer, if there is any increase in the cost of raw materials, labour or any other production factors which affects in a substantial way the production costs.

All prices are Ex-Works (Incoterms 2010), unless different agreement between the parties.

Payments will have to be made in compliance with the instructions specified in the quotation or in the order confirmation. All payments shall be deemed net Acem S.p.A.'s domicile. In any case amounts paid to Acem S.p.A. agents, sale representatives or any other commercial intermediary shall not be considered as received by Acem S.p.A. until Acem S.p.A. has received the relevant cleared funds.
